

PM250 MODEL

The smart choice

This integrated unit provides the ventilation and lighting you need for your custom application.

- 2-speed performant blower, HVI* certified
- Easy-to-clean, aluminum standard efficiency filter
- Dual 40-watt lamps (bulbs sold separately)
- Works with optional custom hood liners in 30", 36", "B" or "T" design

LINERS FOR PM250

Broan "T" and "B" liners provide an elegant way to finish a traditional wood hood and protect cabinetry. They feature a durable silver painted finish and a 4" depth for good capture. Hemmed edges hide exposed edges, and predrilled mounting holes makes installation easy.
